athena chandelier - nickel

A marvel of glass roddery! We proportioned the Athena to project all the glamour of a chandelier vibe in a smaller space. Lots of sparkle through the solid glass rods and a baffle to diffuse the light downwards. All contained in a solid brass frame. Altogether, thoroughly glamorous! Comes with a certain level of self-assembly required.

Height 	34cm
Wingspan 	60cm
Ceiling Rose Diameter	13cm
