

copper

freestanding roll top bath

Create a distinctive statement within your bathroom with this freestanding roll top Copper bath. Manufactured in a traditional hand crafted manner creating gentle undulations and colour variation that make each individual bath unique. The interior is available in either lacquered antique copper or unlacquered polished copper or unlacquered polished nickel. The exterior is available in either lacquered antique copper or unlacquered polished copper. The unlacquered finishes will patina over time or can be polished and waxed to maintain a polished shiny finish.
