Duofix 790mm WC Furniture Cistern Frame for Wall Hung WC

Geberit wall-hung systems are installed behind the wall, giving your bathroom more space and a simple, sleek design. The system consists of a cistern and installation frame that integrates the cistern into the wall so that it saves space. Combine the Geberit wall-hung system with your choice of wall-hung ceramic to complete the look. It comes complete with pre wall brackets and WC bend.
