

balocchi deck mounted 3 hole basin mixer

Balocchi was originally created in 1978, the first series of coloured taps with enormous success on the market, this range has pop shapes and garish colours available. Then reissued in 2012 with some details updated to make their image more contemporary. This is paired perfectly with our Roma rolled top basins. Sales of the Balocchi range have contributed to the budget used by the company 100 Fontane for Africa, a project in the construction of fountains for the aqueduct built in Masango Burundi.
